Summary:	Action:
Expression of interest is sought from those members that have attended a Trainer and or Assessor's Course over the last season and have not yet completed the course requirements and would benefit from attending a workshop to do so.	Clubs and or participants are to notify John King at SLSWA by Friday 20 th June 2008 of the intention to attend.

SLSWA have offered on a number of occasions, the Certificate IV Training and Assessing units to those members of Surf Life Saving who wish to further their Surf career into training and assessing others. The completion of these courses is essential to those that are contemplating on assisting their club in training and assessing any surf skill in the future.

It is evident that many candidates have attended the theory sessions of the course yet have not completed the workbooks or participated in the practical training or assessing components and therefore not completed the requirements to obtain the Units of Competency for the relevant award. SLSWA is now offering two workshop sessions so assist in the completion process and that will include a practical component.

8.30am to 1.00pm Saturday 28th June 2008

Completion of the Trainer Components

8.30am to 1.00pm Saturday 5th July 2008

Completion of the Assessor Components

Flexibility in the length of the sessions will be determined by level of response and required participation. The venue will be Surf Life Saving Western Australia's headquarters in North Beach.

For any further questions or if Clubs or candidates are unsure of the requirements please contact John King on 9243 9444 or by email at jking@mybeach.com.au
