Summary: <ul style="list-style-type: none">• The new Surf Rescue Certificate Online learning and assessment tool is now available.	Action: <p>Clubs wishing to utilise this training tool may now do so. Instructions can be found on page 15 of the Training, Assessment and Proficiency Guidelines 2008/09.</p>
--	---

The Surf Rescue Certificate online course developed by SLSWA is now available for use as part of SLSWA's commitment to supporting, fostering and developing club based training. The online Surf Rescue Certificate course is the second such initiative within Surf Lifesaving in this State and will ultimately be rolled out to the rest of Australia.

The development of the SRC online will allow candidates to complete the theory and underpinning knowledge required for their SRC. This initiative will also stop duplication when SRC candidates go on to complete their Bronze Medallion and should provide more time efficient outcomes for both trainers and candidates.

The procedure for enrolling a group into the SRC online is the same as for enrolling into the Bronze Medallion online, which is reflected on page 15 of the Training, Assessment & Proficiency Guidelines 2008/09 (Attached).

A hardcopy resource has also been produced to support the delivery of the SRC and clubs can order their copies as they need them, by contacting SLSWA.

For any further information please contact Julian Khaw or John King at SLSWA during business hours on 9243 9444.
