

2015 ANNUAL REPORT

SAVING LIVES AND BUILDING GREAT COMMUNITIES

Now 106 years old, the Surf Life Saving movement in Western Australia continues to go from strength to strength.

The West Australian community owes a great debt to the thousands of surf lifesaving volunteers who give up their time to keep others safe at the beach. That commitment is

evidenced by another record combined patrol tally in 2014/15 of more than 106,000 hours – a magnificent effort.

During last season WA's volunteer surf lifesavers and lifeguards rescued 1,229 people. The value of that intervention to the community in terms of the emotional trauma prevented and actual dollar costs saved is incalculable. And while the patrolling surf lifesavers are the public face of the beach safety service provided by Surf Life Saving WA and its clubs, I want to acknowledge the thousands of other volunteers who work behind the scenes to keep clubs going – the administrators, trainers, assessors, coaches, supervisors and parent helpers.

The WA State Government recognises Surf Life Saving WA as the state's peak coastal safety agency and therefore is proud to support the organisation through several service level agreements. The Department of Premier and Cabinet, via the Shark Mitigation Strategy, funds extra helicopter, jet ski and lifeguard patrols. The extended Westpac Lifesaver Rescue Helicopter Service patrols in the South West in 2014/15 were extremely effective. Funding provided by the Government saw aerial patrols extended from the traditional November to February period to a September start through to April. Those extra patrols resulted in dozens of helicopter Preventative Actions – where swimmers, surfers and divers, many at very isolated locations, were warned about sharks in close proximity. The extended patrol period also facilitated the South West Westpac Lifesaver Rescue Helicopter being available for search and rescue tasking, as well as assisting the Department of Fire and Emergency Service (DFES) at the massive Northcliffe bushfire. The extended helicopter patrols provided the South West community with a new level of aerial protection, and in the May State Budget the State Government had no hesitation in approving further funding for the service for the next three years.

DFES also partners with Surf Life Saving WA to provide clubs with vital equipment such as Inflatable Rescue Boats (IRBs) and All Terrain Vehicles (ATVs), and the Department of Sport and Recreation also funds programs to promote participation and inclusion, including programs that target Culturally and Linguistically Diverse (CALD) community members, who are overrepresented in coastal drowning statistics.

Volunteer surf lifesaver patrols totalled more than 106,000 hours this season, and WA's volunteer surf lifesavers and lifeguards rescued 1,229 people.

Education and public awareness are a major focus for Surf Life Saving WA and its clubs – as the old saying goes "an ounce of prevention is worth a pound of cure". Surf Life Savers can't be at every beach all the time, so providing beachgoers with the necessary skills and awareness to keep themselves safe along the coast is a key component of Surf Life Saving WA's goal of reducing, and ultimately eliminating, coastal drownings.

Whilst no drowning is acceptable, it is heartening that the number of coastal drownings in WA fell more than 40 per cent in 2014/15, down to 10 from the record high of 17 fatalities recorded in the previous two years. I know Surf Life Saving WA, its clubs and members are working hard to continue that downward trend in future years.

On behalf of the West Australian Government and community I want to thank everyone involved in Surf Life Saving in WA on another outstanding year.

Col Pank

Colin Barnett Premier of Western Australia

Surf Life Saving in Western Australia has had another excellent season. We are particularly excited in welcoming our 30th club – Port Walcott SLSC in the Pilbara as our newest club and first club in this growing region of our state.

Our total membership has once again grown, as has the number of hours

that we have patrolled the beaches of Western Australia. We look forward to this trend continuing over the coming seasons as we seek to expand our reach around the state's immense coastline.

PRESIDENT

AND CEO

REPORTS

We are immensely fortunate to have very supportive partners that allow us to provide a first class service to the community of Western Australia. This season we expanded the hours flown by the Westpac Lifesaver Helicopters both in the South West and the Metropolitan area through the additional funding received from the State Government and Westpac.

The ongoing support of Woodside, Wesfarmers, Lotterywest, DHL and Healthway enables us to provide the programmes and resources that allow our Club's to keep our state's beaches safe. This season we have welcomed BHP Billiton as our newest major community partner, allowing us to commence the significant project of digitizing our radio network statewide.

A major capital project is underway at Rous Head to provide a permanent facility for our two helicopters. This project has been made possible through the generous financial support of Lotterywest and Tim Roberts and John Poynton. I would like to acknowledge the Fremantle Port Authority for both their patience and assistance throughout the process and our excellent relationship with Ahrens who are undertaking the refurbishment works for us. This project is now well underway and due for completion in a few short months.

Whilst the Aussies has once again headed off to Queensland, we can expect to see this event back on our shores in 2018. The ongoing support to SLSA of Tourism Western Australia has been instrumental in ensuring that we maintain

our status as the part time home of the Aussies. It has been very pleasing to see an increase in participation levels in junior surf sports. We do however face some challenges in maintaining our participation levels at senior surf sports, and we are now looking at how we might address these challenges.

The professional delivery of training and education both by SLSWA and within our clubs has again provided an excellent barometer for the health of our movement. This year we have also announced a new innovative partnership with Lend Lease to create a BeachSAFE Community at their Alkimos development in Perth's northern suburbs.

This is my first annual report as your President. I would like to thank those that have gone before me for the excellent shape that Surf Life Saving is in, particularly Mark Irwin your former President and Paul Andrew your former CEO. I would also like to thank the staff at SLSWA for the high standards they maintain, the professional staff at our clubs, and most importantly the volunteer members of all of our clubs for their dedication to this great movement of ours. I commend this report to you.

1. m-SC

Craig Smith-Gander President

Welcome to the 90th Annual Report and my first as the Chief Executive Officer. It gives me great pleasure to be able to report that the 2014/15 season was another successful year for surf lifesaving in Western Australia.

Our organisation continues to prosper and grow with a record membership of 20,139 achieved. In

turn this year we have also welcomed our 30th Club, Port Walcott in the Pilbara. This growth is extremely pleasing as it not only demonstrates the health of the organisation but it also assists us to meet the increasing demands on our services by the West Australian beach going community.

Once again, we can proudly say that this year no lives have been lost between the flags in Western Australia. However, despite the efforts of our movement 10 people have drowned on our coast. This is unacceptable and we will continue to explore and implement ways to educate and prepare the people using our coastline and look for opportunities to improve our services to reduce this tragic outcome.

It is now clearer than ever that the work of our organisation extends well beyond the flags. This year was a particularly demanding year for our volunteers who work as part of the Wesfarmers Lifesaver Jet Ski Team. Whilst we recognise the work of all our volunteers, the work of the Albany team requires special recognition. In a period of 7 weeks they were tasked 4 times to assist in swells of up to 6 metres which in total resulted in 4 fatalities (including that of a minor) and one survivor. The dedication and sacrifice these members put into the service is well beyond the call of duty.

With respect to Surf Sports, our Surf Interstate teams picked up a third place in the Youth, Open and Surf Boat categories with the Youth Team finishing only 24 points behind QLD. These results leave WA in a strong position heading into the IRB and Pool Rescue Interstates which will be contested later in 2015.

Tom Nolan as an athlete has had many outstanding seasons and this one has been no different. In fact this may have been one of his finest to date claiming the gold medal in the Open Flags Championship at the State, and Australian, Titles for the second year in a row. There is no doubting that Tom is now one of Western Australia's greatest ever Surf Sport athletes.

We would like to thank all of our sponsors and supporters who assist us with our job of "Saving Lives and Building Great Communities". We thank the West Australian State Government, Lotterywest, Westpac, Wesfarmers, DHL, Woodside, Healthway, Telstra, Crowe Horwath, Engine, Dolphin Surf Craft, Lavan Legal, and Metro Motors. We would like to acknowledge our new community BeachSAFE partner, Lend Lease, and BHP Billiton for their support of the Emergency Response Communications Network. Finally, we would like to recognise Tim Roberts for his long and ongoing support of the Westpac Lifesaver Rescue Helicopter Service. This level of support is testament to both the importance of the services being provided by SLSWA and the professional manner in which they are provided.

I would like to acknowledge my predecessor Paul Andrew, whose impact during his 9 years in the role has transformed the business of surf lifesaving in Western Australia, the outgoing President Mark Irwin for his support and guidance and Michael Beech (former Board member) who has retired as a long standing member of the Finance Committee.

Finally I thank our Board of Directors, Membership and staff of Surf Life Saving Western Australia for their commitment and dedication.

James O'Toole Chief Executive Officer

This year, SLSWA membership reached the 20,139 member mark, up 0.6%

Lifesaving rescues

Volunteer surf lifesavers, SLSWA employed lifeguards and the Wesfarmers Lifesaver Jet Ski Teams performed 1,229 lifesaving rescues this season.

First Aid Treatments

5,717 people required First Aid care from volunteer surf lifesavers and SLSWA employed lifeguards at the beach this season.

Preventative Actions

Volunteer surf lifesavers and SLSWA employed lifeguards performed 43,567 actions to prevent injuries or incidents.

Drownings

This season saw 10 people tragically lose their lives on the WA coast*. These drowning deaths highlight the need to identify and implement strategies that will extend the fundamental BeachSAFE principles of Supervision, Aquatic Education, First Aid and Emergency Preparedness across the state. Activities most at risk currently include rock fishing, swimming/wading and operating non-powered watercraft. These figures do not include fatal shark attacks. * Figure subject to change based on Coronial Investigation Findings.

Net Assets

The financial position of the organisation was impacted this year by the revaluation of its land and buildings. Some non-recurrent revenue assisted us in developing and expanding our communication network and we have continued our efforts to build a strong asset base. In addition, provisions were made to ensure the maintenance of assets.

Governance

Surf Life Saving Western Australia Inc. (SLSWA) is an incorporated body under the Associations Incorporation Act 1987 (WA) and is recognised as the official 'State Centre' and controlling authority for surf lifesaving in Western Australia (WA). SLSWA is subject to compliance with the Rules and Regulations of Surf Life Saving Australia Ltd (SLSA) and is recognised for administering and focusing on surf lifesaving in Western Australia. This statement summarises SLSWA's governance practices that were in effect during the year, highlighting decisions and reporting in accordance within the Rules and Regulations of SLSWA.

Communications with Members

The SLSWA Board aims to ensure that members are kept informed of all major developments affecting surf lifesaving. Information is communicated to members through this document (SLSWA's Annual Report), bulletins, circulars, minutes and memorandums with respect to changes in business, financial position, future development, results and activities, and quarterly State Council meetings and member advisory board meetings. Electronic information is also available on the SLSWA website - www.surflifesavingwa. com au

General Meetings of Members (State Council) The State Council is the legal owner of SLSWA. Its role is to amend the SLSWA

Constitution, review and elect the Board, review SLSWA's financial position and approve the strategic outcomes presented by the Board. The State Council comprises the Chairman (President of the Board), Mr Craig Smith-Gander and a Club Delegate from each of the affiliated clubs in WA each with the right to vote at general meetings. The Chairman may exercise a casting vote but no deliberative vote. SLSWA Life Members, Board Members, and the Chief Executive Officer have the right to be

present and to debate at general meetings, but not to vote. SLSWA fulltime and honorary officers and individual members were allowed to attend general meetings as visitors. In addition to the AGM on 30 August 2014, the Board under Part IV, Para 16.1 of the SLSWA Constitution, convened two state council meetings held on 24 May 2014 and 30 August 2014.

Board of Director's Composition and Meetings

The Board is responsible to members for overall business performance. It enacts SLSWA's strategic direction and priorities to be both appropriate and achievable; ensures the financial viability and security of SLSWA; establishes the policy and regulatory framework for governing SLSWA; monitors organisational compliance with relevant legislation and regulations; assesses risks facing the organisation; and appoints committees and honorary officers to carry out aspects of their work.

The Board comprised the Chairman and seven Board Members who are individual members of SLSWA, each with the right to one vote on any question. The Chairman has a casting vote but no deliberative vote. These are honorary positions that attract no remuneration except for reimbursement of expenses such as telephone, travel and accommodation costs incurred whilst performing Board activities. Board Members are elected in accordance with Part V, Para 20(a) of the SLSWA Constitution. The Chief Executive Officer is also part of the Board but does not have the right to vote.

Surf Life Saving Western Australia 2015 ANNUAL REPORT | 21

Notes to the Financial Statements FOR THE YEAR ENDED 30 APRIL 2015

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

This financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards (including Australian Accounting Interpretations), other authoritative pronouncements of the Australian Accounting Standards Board and the requirements of the Associations Incorporation Act WA 1987.

The financial report covers Surf Life Saving Western Australia Inc. as an individual entity. Surf Life Saving Western Australia Inc. is an Association incorporated in Western Australia under the Associations Incorporation Act 1987.

The financial report of Surf Life Saving Western Australia Inc. as an individual entity complies with all Australian equivalents to International Financial Reporting Standards (AIFRS) in their entirety. Compliance with AIFRS ensures compliance with International Financial Reporting Standards.

The following is a summary of the material accounting policies adopted by the Association in the preparation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

New, revised or amending Accounting Standards and Interpretations adopted

The incorporated association has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new, revised or amending Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Any significant impact on the accounting policies of the incorporated association from the adoption of these Accounting Standards and Interpretations are disclosed below. The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the incorporated association.

The following Accounting Standards and Interpretations are most relevant to the incorporated association:

AASB 2013-3 Amendments to AASB 136 - Recoverable Amount Disclosures for Non-Financial Assets

These amendments are applicable to annual reporting periods beginning on or after 1 January 2014. The disclosure requirements of AASB 136 'Impairment of Assets' have been enhanced to require additional information about the fair value measurement when the recoverable amount of impaired assets is based on fair value less costs of disposals. Additionally, if measured using a present value technique, the discount rate is required to be disclosed. The adoption of these amendments from 1 May 2014 may increase the disclosures by the incorporated association

Annual Improvements to IFRSs 2010-2012 Cycle

These amendments are applicable to annual reporting periods beginning on or after 1 July 2014 and affects several Accounting Standards as follows: Amends the definition of 'vesting conditions' and 'market condition' and adds definitions for 'performance condition' and 'service condition' in AASB 2 'Share-based Payment'; Amends AASB 3 'Business Combinations' to clarify that contingent consideration that is classified as an asset or liability shall be measured at fair value at each reporting date; Amends AASB 8 'Operating Segments' to require entities to disclose the judgements made by management in applying the aggregation criteria; Clarifies that AASB 8 only requires a reconciliation of the total reportable segments assets to the entity's assets, if the segment assets are reported regularly; Clarifies that the issuance of AASB 13 'Fair Value Measurement' and the amending of AASB 139 'Financial Instruments: Recognition and Measurement' and AASB 9 'Financial Instruments' did not remove the ability to measure short-term receivables and payables with no stated interest rate at their invoice amount, if the effect of discounting is immaterial; Clarifies that in AASB 116 'Property, Plant and Equipment' and AASB 138 'Intangible Assets', when an asset is revalued the gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount (i.e. proportional restatement of accumulated amortisation); and Amends AASB 124 'Related Party Disclosures' to clarify that an entity providing key management personnel services to the reporting entity or to the parent of the reporting entity is a 'related party' of the reporting entity. The adoption of these amendments from the Association's annual reporting period commencing 1 May 2015 will not have a material impact on the incorporated association.

Annual Improvements to IFRSs 2011-2013 Cycle

These amendments are applicable to annual reporting periods beginning on or after 1 July 2014 and affects four Accounting Standards as follows: Clarifies the 'meaning of effective IFRSs' in AASB 1 'First-time Adoption of Australian Accounting Standards'; Clarifies that AASB 3 'Business Combination' excludes from its scope the accounting for the formation of a joint arrangement in the financial statements of the joint arrangement itself; Clarifies that the scope of the portfolio exemption in AASB 13 'Fair Value Measurement' includes all contracts accounted for within the scope of AASB 139 'Financial Instruments: Recognition and Measurement' or AASB 9 'Financial Instruments', regardless of whether they meet the definitions of financial assets or financial liabilities as defined in AASB 132 'Financial Instruments: Presentation'; and Clarifies that determining whether a specific transaction meets the definition of both a business combination as defined in AASB 3 'Business Combinations' and investment property as defined in AASB 140 'Investment Property' requires the separate application of both standards independently of each other. The adoption of these amendments from the Association's annual reporting period commencing 1 May 2015 will not have a material impact on the incorporated association.

Basis of preparation

The accounting policies set out below have been consistently applied to all years presented.

Reporting Basis and Conventions

The financial report has been prepared on an accrual basis and is based on historical costs modified by the revaluation of selected non-current assets, financial assets and financial liabilities for which the fair value basis of accounting has been applied. The amounts presented in the financial report are present in Australian dollars and have been rounded to the nearest dollar.

NOTE 1: STATEMENT OF ACCOUNTING POLICIES (Cont.)

Accounting Policies

(a) Income Tax

The Association has obtained tax-exempt status under current Australian Taxation legislation.

(b) Property, Plant and Equipment

Each class of property, plant and equipment is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Property

Freehold land and buildings are recorded at their fair value (being the amount for which an asset could be exchanged between knowledgeable willing parties in an arm's length transaction), based on periodic, but at least triennial valuations by external independent valuers. During the intervening periods, the fair values are determined on the basis of a Directors' valuation.

Increases in the carrying amount arising on revaluation of land and buildings are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same asset are recognised against fair value reserves directly in equity; all other decreases are recognised in profit or loss.

Plant and Equipment

Plant and equipment is measured on the cost basis less depreciation and impairment losses.

The carrying amount of plant and equipment is reviewed annually by Directors to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the assets' employment and subsequent disposal. The expected net cash flows have been discounted to present values in determining recoverable amounts.

Depreciation

The depreciable amount of plant and equipment along with the helicopter and building fit-outs are depreciated on a diminishing value basis. Motor vehicles are depreciated on a straight line basis over their useful lives from the time the asset is held ready for use.

The depreciation rates used for each class of depreciable assets (excluding land and buildings) are:

Class of Fixed Asset	Depreciation Rat
Office equipment	25% to 33%
Coastal Safety equipment	25% to 100%
Surf education equipment	30%
Competition equipment	20%
Motor vehicles	12.50%
Helicopter	13.33%
Building fit-out	10%

The assets' residual values and useful lives are reviewed and adjusted, if appropriate, at each balance date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income.

(c) Leases

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

(d) Impairment of Assets

At each reporting date, the Association reviews the carrying values of its tangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the assets fair value less costs to sell and value-in-use, is compared to the assets carrying value. Any excess of the assets carrying value over its recoverable amount is expensed to the statement of comprehensive income

Where it is not possible to estimate the recoverable amount of an individual asset, the Association estimates the recoverable amount of the cash-generating unit to which the asset belongs.

(e) Fair Value Measurement

When an asset or liability, financial or non-financial, is measured at fair value for recognition or disclosure purposes, the fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date; and assumes that the transaction will take place either: in the principal market; or in the absence of a principal market, in the most advantageous market.

Surf Life Saving Western Australia 2015 ANNUAL REPORT | 23

Notes to the Financial Statements FOR THE YEAR ENDED 30 APRIL 2015

NOTE 1: STATEMENT OF ACCOUNTING POLICIES (Cont.)

Fair value is measured using the assumptions that market participants would use when pricing the asset or liability, assuming they act in their economic best interest. For non-financial assets, the fair value measurement is based on its highest and best use. Valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, are used, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Assets and liabilities measured at fair value are classified, into three levels, using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. Classifications are reviewed each reporting date and transfers between levels are determined based on a reassessment of the lowest level input that is significant to the fair value measurement.

For recurring and non-recurring fair value measurements, external valuers may be used when internal expertise is either not available or when the valuation is deemed to be significant. External valuers are selected based on market knowledge and reputation. Where there is a significant change in fair value of an asset or liability from one period to another, an analysis is undertaken, which includes a verification of the major inputs applied in the latest valuation and a comparison, where applicable, with external sources of data.

(f) Employee Benefits

Provision is made in respect of the Association's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled, plus related on-costs. Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits.

(g) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at-call with banks and other short-term highly liquid investments with original maturities of three months or less

(h) Revenue

Revenue from donations is recognised upon receipt of the funds.

 $Interest\ revenue\ is\ recognised\ on\ a\ proportional\ basis\ taking\ into\ account\ the\ interest\ rates\ applicable\ to\ the\ financial\ assets.$

Grants received for recurrent and capital expenditures and member's subscriptions are recorded as income in the year in which they are earned.

All revenue is stated net of the amount of goods and services tax (GST).

(i) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

Cash flows are presented in the cash flow statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

(j) Financial Instruments

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions to the instrument.

Financial instruments are initially measured at fair value.

Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets that have fixed maturities and fixed or determinable payments, and it is the Association's intention to hold these investments until maturity. They are subsequently measured at amortised cost.

Held-to-maturity investments are included in current assets where they are expected to mature within 12 months after the end of the reporting period. All other investments are classified as non-current assets.

Financial Liabilities

Non-derivative financial liabilities other than financial guarantees are subsequently measured at amortised cost. Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying value of the financial liability extinguished or transferred to another party and the fair value of consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

(k) Maintenance Provisions

Provisions are recognised when the Association has a legal or constructive obligation, as a result of past events, for which it is probably that an outflow of economic benefits will result and that outflow can be reliably measured.

(I) Comparative figures

When required by Accounting Standards comparative figures have been adjusted to conform with changes in presentation for the current financial year.

NOTE 3: OTHER COMPREHENSIVE INCOME

Net loss on revaluation of land and building

(a) (450,000)

(a) In accordance with the Association's policy over the valuation of its land and buildings, the property at 7 Delawney Street, Balcatta was revalued on 25 May 2015. The independent valuation returned a valuation of \$6,100,000, compared to the previous valuation obtained of \$6,750,000 on 12 July 2013. The Association understands that this decrease in the valuation of the property is indicative of current market rates for office rental in Perth at present.

The loss on revaluation of \$650,000 has been recorded with \$450,000 recognised to write back the balance of previous revaluation on the property in the Asset Revaluation Reserve, and the remaining \$200,000 recognised as a loss in the profit and loss of the Association, in accordance with the treatment of revaluation under AASB 116 - Property, Plant and Equipment.

Provision for Long Service Leave

A provision has been recognised for employee entitlements relating to long service leave. In calculating the present value of future cash flows in respect of long service leave, the probability of long service leave being taken is based on historical data. The measurement and recognition criteria relating to employee benefits have been included in Note 1 to this report.

Provision for Helicopter Maintenance

A provision has been recognised for the heavy maintenance costs for the two helicopters. This provision has been calculated based on the estimated costs for heavy maintenance of the asset over the next four years.

NOTE 14: RESERVES

Building Reserve

During the 2014 financial year, \$400,000 was transferred from Accumulated Surplus to the Building Reserve for the purpose of funding the Rous Head development.

General Reserve

The purpose of the reserve is to provide protection against any adverse effects on major revenue streams to ensure that the critical operational aspects of SLSWA can be provided. The reserve was reviewed prior to the end of the financial year and the Board considered that the amount of \$500,000 to be appropriate. This policy is to be reviewed after each financial year.

Revaluation Surplus

The revaluation surplus records revaluations of non-current assets.

NOTE 15: CAPITAL AND LEASING COMMITMENTS

NOTE 17: FAIR VALUE MEASUREMENT

The following tables detail the Association's assets and liabilities, measured or disclosed at fair value, using a three level hierarchy, based on the lowest level of input that is significant to the entire fair value measurement, being:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date

 $Level\ 2: Inputs\ other\ than\ quoted\ prices\ included\ within\ Level\ 1\ that\ are\ observable\ for\ the\ asset\ or\ liability,\ either\ directly\ or\ indirectly$

Level 3: Unobservable inputs for the asset or liability

There were no transfers between levels during the financial year.

Valuation techniques for fair value measurements categorised within level 2.

Land and buildings have been valued based on similar assets, location and market conditions.

NOTE 18: EVENTS AFTER THE BALANCE SHEET DATE

No matters or circumstances have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the Association, the results of those operations, or the state of affairs of the Association in future financial years.

NOTE 19: CASH FLOW INFORMATION

	1,580,884	2,229,339

NOTE 20: FINANCIAL INSTRUMENTS

The Association's activities expose it to a variety of financial risks: interest rate risk, credit risk and liquidity risk. The Association's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Association.

The Association uses different methods to measure different types of risk to which it is exposed. These methods include sensitivity analysis in the case of interest rate and aging analysis for credit risk. The Association does not use derivative financial instruments (such as interest rate swaps) to hedge certain risk exposures. Risk management is carried out by the Board of Directors.

The Association holds the following financial instruments:

	30 April 2015	30 April 2014
	\$	\$
Cash and cash equivalents	2,539,902	1,223,113
Deposits held to maturity	-	1,000,000
Trade and other receivables	240,503	471,781
	2,780,405	2,694,894
Trade and other payables	1,767,080	1,317,253
Borrowings	-	1,000,000
	1,767,080	2,317,253

(i) Interest rate risk

The Association's main interest rate risk arises from cash and cash equivalents. Cash and cash equivalents comprise deposits held at call with bank that are at variable interest rates. Interest rate risks also arise from borrowings.

As at the reporting date, the Association had the following deposits at call with banks.

	30 April 2015		30 April 2014	
	Weighted average interest rate	Balance \$	Weighted average interest rate	Balance \$
Cash and cash equivalents	0.85%	2,539,902	1.92%	1,222,113
Deposit held to maturity	N/A	-	3.51%	1,000,000
Borrowings	N/A	-	5.30%	1,000,000

Sensitivity analysis - interest rate risk

A change of 100 basis points in interest rates at the reporting date would have increased / (decreased) surplus and deficit by the amounts shown below. The analysis assumes all other variables remain constant. The analysis is performed on the same basis as 2014.

Variable rate instruments 30 April 2015.

Surf Life Saving Western Australia 2015 ANNUAL REPORT | 31

Notes to the Financial Statements FOR THE YEAR ENDED 30 APRIL 2015

NOTE 20: FINANCIAL INSTRUMENTS (Cont.)

:	30 April 2015	30 April 2014
	\$	\$
	25,399	12,221
	(25,399)	(12,221)

(ii) Credit risk

Credit risk arises from the financial assets of the Association, which comprise cash and cash equivalents and trade and other receivables. The Association's exposure to credit risk arises from potential default of the counter party, with a maximum exposure equal to the carrying amount of these instruments.

Trade receivables are non-interest bearing and on 30 day terms. A provision for impairment loss is recognised when there is objective evidence that an individual trade receivable is impaired. No impairment loss was recognised in respect of trade receivables in 2015 (2014: Nil).

At 30 April, the ageing analysis of trade receivables is as follows:

	2015	2014
	\$	\$
Current	156,072	353,310
Past due 30 – 60 days	52,699	64,069
Past due 60 – 90 days	71,385	91,574
Past due over 90 days	1,515	1,744
	281,671	510,697

The Association only trades with recognised, creditworthy third parties and as such collateral is not requested nor is it the Association's policy to securitise its trade and other receivables.

 $In addition, receivable \ balances \ are \ monitored \ on \ an \ ongoing \ basis \ with \ the \ result \ that \ the \ Association's \ exposure \ to \ bad \ debts \ is \ not \ significant.$

The credit risk on liquid funds is limited because the counter party is a bank with a high credit rating.

iii) Liquidity risk

The Association manages liquidity risk by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

The Association's financial liabilities include trade and other payables that are paid on a 30 day period.

NOTE 21: NEW ACCOUNTING STANDARDS FOR APPLICATION IN FUTURE PERIODS

The Australian Accounting Standards Board has issued new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods and which the Association has decided not to early adopt. A discussion of those future requirements and their impact on the Association is as follows:

New Accounting Standards and Interpretations not yet mandatory or early adopted

Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet mandatory, have not been early adopted by the incorporated association for the annual reporting period ended 30 April 2015. The incorporated association's assessment of the impact of these new or amended Accounting Standards and Interpretations, most relevant to the Association, are set out below.

AASB 9 Financial Instruments and its consequential amendments

This standard and its consequential amendments are applicable to annual reporting periods beginning on or after 1 January 2018 and completes phases I and III of the IASB's project to replace IAS 39 (AASB 139) 'Financial Instruments: Recognition and Measurement'. This standard introduces new classification and measurement models for financial assets, using a single approach to determine whether a financial asset is measured at amortised cost or fair value. The accounting for financial liabilities continues to be classified and measured in accordance with AASB 139, with one exception, being that the portion of a change of fair value relating to the entity's own credit risk is to be presented in other comprehensive income unless it would create an accounting mismatch. Chapter 6 'Hedge Accounting' supersedes the general hedge accounting requirements in AASB 139 and provides a new simpler approach to hedge accounting that is intended to more closely align with risk management activities undertaken by entities when hedging financial and non-financial risks. The incorporated association will adopt this standard and the amendments from 1 July 2018 but the impact of its adoption is yet to be assessed by the Association.

Surf Life Saving Western Australia 2015 ANNUAL REPORT | 33

INDEPENDENT AUDIT REPORT TO MEMBERS OF SURF LIFE SAVING WESTERN AUSTRALIA INC.

Report on the Financial Report

We have audited the accompanying financial report of Surf Life Saving Western Australia Inc. ('the Association'), which comprises the statement of financial position as at 30 April 2015, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cashflows for the year ended on that date, a summary of significant accounting policies and other explanatory notes and the directors' declaration.

Directors' Responsibility for the Financial Report

The directors of the Association are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Associations Incorporation Act 1987. This responsibility includes establishing and maintaining internal control relevant to the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the Australian professional ethical pronouncements.

Auditor's Opinion

In our opinion, the financial report of Surf Life Saving Western Australia Inc. is in accordance with the Associations Incorporation Act 1987 including:

- giving a true and fair view of the Association's financial position as at 30 April 2015 and of its performance for the year ended on that date; and
- complying with Australian Accounting Standards.
